Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021-22 educational progress for CALEDONIA HIGH SCHOOL. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact BILL MARTIN for assistance.

The AER is available for you to review electronically by visiting the following website [Caledonia High School MI school data report](#), or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2018-19. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2017-18. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2016-17. Some schools are not identified with any of these labels. In these cases, no label is given.

Caledonia High School has not been given one of these labels.

While many students at CHS achieve at a high level, one of our school's key challenges continues to be ensuring that all students are career/college ready, develop the needed 21st-century skills, and are prepared for life after high school. As with other schools, our economically disadvantaged students do not perform at the same levels as their peers. These students often require more resources, including additional instruction and social/emotional support. Finding ways to provide that support is one of our main focuses as a district and school.

CHS continues to offer its Compass program, has begun implementing the MTSS framework/Cal PRIDE initiative, and has incorporated Seminar into the weekly schedule. These building initiatives not only target the needs of at-risk students, but they serve to benefit all students by promoting positive school climate and culture, impacting student course proficiency, and affecting classroom success and overall school engagement.
