Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-24 educational progress for Kraft Meadows Intermediate School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Steve Uyl for assistance.

The AER is available for you to review electronically by visiting the following website www.MiSchooldata.org, or you may review a copy in the main office at your child's school.

For the 2024-25 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-24. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

The State of Michigan has not given Kraft Meadows Intermediate one of these labels.

Kraft Meadows Intermediate School transitioned from a 6th-8th grade building to a 5th and 6th grade building for the 2022-2023 school year. As we work through this transition and grade reconfiguration, we will continue to develop systematic processes that positively impact student achievement. The trends in our student achievement data indicate that Kraft Meadows Intermediate School has many areas to be proud of, as well as areas to improve. Through the school improvement process, our staff will continue to address these challenges. Our staff has developed essential standards and common formative assessments to meet the needs of all students. Our teaching staff uses student data to analyze practices that are working within the classroom in regards to student achievement. At Kraft Meadows Intermediate, our professional learning

communities provide a foundation for our teachers to create shared values and collaborate around instructional practices. Additionally, our staff has developed processes and procedures for intervention and enrichment for students in regards to essential standards and the learning continuum.

State law requires that we also report additional information.
