

August 27, 2024

Dear Caledonia Community Schools Families,

As we work to refresh our district's Strategic Plan, we are excited to invite you to participate in a pair of town hall discussions. These sessions are an opportunity for parents, staff members, students, and community members to come together, share ideas, and help shape the future of our schools.

The first community Town Hall will be held on **Wednesday, September 25, at 6:00 p.m.** in the Caledonia High School South Campus Learning Commons.

- The focus of this session will be on our pillars of **Teaching & Learning and Whole Child/Whole Community**. We'll be discussing climate and culture, academic achievement, student programming, and the social-emotional supports our students need to thrive.

The second community Town Hall will occur on **Monday, September 30, at 6:00 p.m.** in the same location.

- This session will focus on our pillars of **Organizational Coherence/Systemic Improvement and Fiscal Sustainability**. Topics will include discussing the physical and financial infrastructures that support our overall mission and vision of providing the highest quality system for learning.

These sessions are designed to be open, collaborative conversations where your voice truly matters. We hope you'll join us at one or both of these important discussions as we work together to refine and strengthen our district's direction. Please [RSVP here](#) to confirm your attendance, as this will help us plan appropriately.

We look forward to seeing you there!

Sincerely,

Dirk Weeldreyer
Superintendent
